A full breakdown of these results including what everyone did on each section is available on the MCC Web Site and full results including the names of medal winners and other details of the event will occupy several pages of the next edition of Triple magazine.

Meanwhile members will be pleased to know that we have assurances from the local police that the Beggars Roost problems will not be allowed to occur next year.

COMMITTEE MATTERS Much of the April meeting was occupied by a debriefing of the Lands End Trial. We shall be seeking a new treasurer when Peter Chantler relinquishes the post next year and a volunteer would be useful now. Celia Walton reported problems with her computer and asked that anyone who has sent her contributions for the next Triple by Email should please resubmit them.

THE SUMMER SOCIAL RUN will this year take on an International character by starting and finishing near Tewkesbury but travelling into Wales. As ever this will be a purely social run echoing those early days of the club, with no licences or special insurance required. Details are available from **Ron Butcher on 01233 624737 or ronbutcher@mcc ltd.fsnet.co.uk**

TESTING TRIAL 17th JULY Yes, it really is time to be thinking ahead and entry forms and regulations are already available in electronic form from johnaley@portwrinkle.fsnet.co.uk or may be downloaded direct from the club website. http://www.themotorcyclingclub.org.uk/events/testing_2005_intro.htm

Paper forms can be obtained by sending an SAE to: Mrs Stefanie Boyle, 34, Hillfield Road, Little Sutton, Ellesport, South Wirral CH66

Whilst the event is again being held at Popham as it was last year the organisers would really like to return to a m hilly venue where it could be more of a TRIAL as in the past. We would prefer to keep it to the west or south west London and would like to hear from any members with ideas of a suitable site.

DEFRA Members will know that we face a new threat to our sport by the decision of DEFRA to cancel

payments to farmers for land not used for agricultural purposes. Much is being done behind the scenes to combat this and there is a [new posting](#) on the MSA website about this issue, complete with a downloadable form for clubs to complete and return to the MSA by mid-May. Have a look and act now!
