**By order of the Executive: P G F Lawley, General Secretary, The Vicarage, Ashley Road, St. Georges, Telford. TF2 9LF**

**BUSY SUMMER** The AGM for which the above is the official notice and about which you will be receiving full documentation by post in due course is only one event to keep members busy in the next two months.

On Sunday 19<sup>th</sup> June comes the **INTERNATIONAL SUMMER SOCIAL RUN** which takes us into Wales from a start and finish near Tewkesbury. The route is a quite a lot longer than usual as there is so much fine scenery, places of interest and enjoyable motoring in that area but organiser, Ron Butcher, stresses that as ever this is a simple touring event needing no licences nor special insurance and entrants are free to cover as much - or little - of the suggested route as they choose before taking tea at the finish. *There is still room for a few more entries so give Ron a ring on 01233 624737*

Only a week after the AGM comes the annual **TESTING TRIAL** where members can enjoy exercising their skills in a series of timed tests. The flatter grassy site at Popham makes it possible for anyone with a Class O type vehicle to have a go with out damage which we hope will encourage some members to enter who have held back in the past.

*Entry forms can be downloaded from the website or send a SAE to the Trial Secretary: Mrs Stephanie Boyle, 34 Hillfield Road, Little Sutton, Ellesmere Port, South Wirral CH66*

**AN ENTRY** has been cancelled for the Tour des Cols and the organisers would like to fill the place if possible. This event (see Triple 91) consists of 7days of pass-bashing in the Dolomites from Sept 5 to 11 with an entry fee of £600 for a crew of 2 which includes bed, breakfast and evening meal with wine, plus oodles of motoring fun. Any open vehicle with 2, 3 or 4 wheels is acceptable (16 of the 23 crews already entered are MCC members!) *Contact Ed Stobbs: 01239 881227 [edruth.stobbs@virgin.net](mailto:edruth.stobbs@virgin.net)*

Orange coloured strengthened shell fitted with Mazda RX7 engine, VW Transporter gearbox, modified Datsun driveshafts, 14inch BMW wheels, disc brakes all round, Saab front seats, front mounted rad, 2 spare wheels on rear engine lid, on board engine driven air compressor etc. etc. Developed and reliable, class winning car competed on the Manx trial and subsequent MCC and ACTC events but unused and dry stored for a few years. Engine using some oil so needs attention or easy conversion to Ford engine. Offered at fraction of build cost at £1000 o.n.o. due to imminent storage problem.

**FOR SALE:** Wolseley 1500 fitted with good MGB 1800 engine (and o/drive gearbox). Was MOT'd and prepared for Land's End Trial, but o/d clutch slipped so needs gearbox attention. On SORN. Extra spare and new tyres. £500 ono. Eric Peacock 01621 869412 (Essex)

**FOR SALE:** Kawasaki Super Sherpa, 250cc, 1997, 23500 km (thats about 15000 miles) in good condition apart from a small dink in the tank. It has an electric start, low seat (although it's comfortable for me at 5'11), a beautifully smooth and useable engine that carburates smoothly, pulls well from tickover and will happily maintain 70mph cruising speed, comfortable seat and riding position with alloy bars, I've found it to be the ideal LDT bike - it's like a smoother, more powerful and comfortable version of the Serow.

It comes with a choice of tyres and a few spares, and I would consider a part exchange for a Rickman or similar rolling chassis to take a large British single.

£1620 ono Please phone 020 72744091 or email [duncan.bainsmith@virgin.net](mailto:duncan.bainsmith@virgin.net) for any more information. The bike is kept in London
