Because no times were recorded at Middleton Moor ; Litton and Dudwood it is difficult to calculate lateness caused by mixing with the main trial. Therefore the results are based on the travel times between those points where the rest of the event did not intervene. The se are the columns shown a s "Lateness point A - Point B" rather than just "Lateness" . Thus Andy Smith gets Gold for being on time in all three places, Ian Cummings gets gold for being les than 10 Minutes late (at Axe Edge) and Richard Watkinson gets "No Award" for being more than 30 minutes late at the finish. Sadly the Electric car simply ran out of charge.
