## **Notes on results**

### **Timing at Controls**

In view of the problems at the Breakfast halt, lateness allowances were calculated not in running number order, but in the sequence that people left The Bull. Allowance was also made for those that went to Corkscrew versus those that did not. In the end it would seem that most people ran to time, and either you were within the time allowance after Official Lateness had been calculated, or you were significantly late. Those that were penalised for lateness can see how late they were in the Remarks column and it can be seen that those that were late did so by the best part of a hour or more. This is very late when you consider the fact that throughout the running order there were those that finished ahead of schedule.

**THE COMMITTEE OF THE M.C.C. WISH TO EXTEND THEIR SINCERE THANKS TO ALL MEMBERS AND FRIENDS WHO WILLINGLY GAVE UP THEIR TIME TO UNDERTAKE DUTIES AS OFFICIALS AT OBSERVED SECTIONS, TESTS, AND CONTROLS. A special note of thanks must go to the results teams who worked extremely hard on the days immediately after the event to ensure that these results could be delivered to you in a timely manner.**
